ABOUT FINI

Inspired by refractions of light dancing on the horizon, Fini is a handcrafted solid glass rod encased in linear brass form. Characterised by an uneven surface, Fini refracts light to create a dynamic luminescence that appears animated.

The satin frost glass is reminiscent of days when the clouds are low and any delineation between sky and horizon is blurred, while the clear glass finish evoking warm summer days and a mirage of light glistening on the horizon.

LEAD TIME

6 - 8 weeks

LIGHT SOURCE

2 x 4.2W LED Board 350mA CC
2700K warm white
800lm total output

INSTALLATION

Supplied with external driver

WEIGHT

2.5kg

CERTIFICATION

CE/AU

WARRANTY

3 years
