

ARTICOLO

A large, modern white yacht is shown from a side profile, moving across the ocean. The sun is low on the horizon, creating a bright, warm glow and reflecting on the water's surface. The sky is a mix of soft pinks, oranges, and blues. The yacht has multiple decks with large windows and a sleek design.

The Vessel Edit

Articolo Studios launches a selection of interior and exterior light fittings for vessels at sea, with careful anchors and concealed fixings to ensure each voyage is charted to safe harbour.

The Vessel Edit is a curated series of signature Articolo pieces, purposefully tailored for yachts and nautical environments. Designed with discretion and integrity, this considered edit unites sculptural beauty with the technical precision required for installation aboard moving vessels.

Articolo affirms that elegance need not be compromised by environment. From moody salons to open-air decks, each piece charts a journey of craft, light, and permanence—anchored in place, yet moving across seas.

Accessories, including custom arms, anchoring brackets, and subtle clips—secure pendants and wall sconces in place, ensuring they remain poised through the motion of open waters. These components are thoughtfully resolved and visually unobtrusive, preserving aesthetic intent while providing structural assurance.
