Luxurious Mohair with a Unique Touch

Flavie is an exquisite mohair fabric with an exceptionally high pile—so high that it creates a soft, velvety texture without any sheen. This remarkable fabric is not only stunning but also incredibly durable, making it ideal for upholstery.

In addition to its beauty and strength, Flavie offers significant acoustic benefits, effectively dampening sound and enhancing the atmosphere of any space. Have you ever considered using it for curtains? Flavie is reminiscent of the opulent fabrics found in magnificent opera houses and grand cinemas.

With innovative colors available, we invite you to contact us for a custom shade that perfectly complements your vision. Elevate your space with the timeless elegance and acoustic enhancement of Flavie!

Sustainability:

At LF Trading, we are committed to sustainability and ethical practices in the textile industry. Our focus is on providing high-quality fabrics that meet the stringent standards of Oeko-Tex and Masters of Linen certifications.

We specialize in linen and hemp fabrics, two of the most sustainable materials available. Both linen and hemp are not only biodegradable but also require less water and pesticides compared to conventional crops, making them an eco-friendly choice.

Our zero waste philosophy drives us to minimize waste at every stage of the production process. We believe that every scrap of fabric has value. That's why we creatively repurpose leftovers into beautiful accessories and other products, turning potential waste into new opportunities.

Join us in our mission to promote environmentally conscious textiles that do not compromise on quality or style. Together, we can make a positive impact on our planet.
