## Fabric George: Elegant and Durable

Discover the luxurious fabric George, perfect for upholstery, curtains, and decorative accents. This unique fabric features a woolly texture that transcends traditional 'bouclé'; it's elegant and soft, providing a lavish look without any prickliness.

George requires artisanal craftsmanship when creating curtains, but the result is breathtaking. Thanks to its complex composition of primarily linen and wool, this fabric delivers both style and functionality. It is pre-washed and machine washable, allowing you to enjoy its beauty without worrying about maintenance. Always use liquid detergent for the best care-powder can damage the delicate fibers.

A particularly striking detail of George is its selvage, which adds a stunning accent to your curtains and elevates the finishing touch. Let yourself be inspired by the versatility and elegance of fabric George, and give your interior a warm, refined touch.

---

At LF Trading, we are committed to sustainability and ethical practices in the textile industry. Our focus is on providing high-quality fabrics that meet the stringent standards of Oeko-Tex and Masters of Linen certifications.

We specialize in linen and hemp fabrics, two of the most sustainable materials available. Both linen and hemp are not only biodegradable but also require less water and pesticides compared to conventional crops, making them an eco-friendly choice.

Our zero waste philosophy drives us to minimize waste at every stage of the production process. We believe that every scrap of fabric has value. That's why we creatively repurpose leftovers into beautiful accessories and other products, turning potential waste into new opportunities.

Join us in our mission to promote environmentally conscious textiles that do not compromise on quality or style. Together, we can make a positive impact on our planet.
