## A Premium Artisan Belgian Creation

Introducing Hector, a remarkable fabric that showcases the finest in artisan Belgian craftsmanship. This unique blend of linen and hemp boasts an impressive weight of 1525 grams, making it both resilient and luxurious. The fabric is intricately patinated and stonewashed, giving it an exclusive and bold character.

Hector is not only strong enough for upholstery but also shines as a stunning choice for decorative cushions. It has been pre-washed for added softness and is machine washable, though we recommend using liquid detergent instead of powder to maintain its exquisite quality.

## Sustainability:

---

At LF Trading, we are committed to sustainability and ethical practices in the textile industry. Our focus is on providing high-quality fabrics that meet the stringent standards of Oeko-Tex and Masters of Linen certifications.

We specialize in linen and hemp fabrics, two of the most sustainable materials available. Both linen and hemp are not only biodegradable but also require less water and pesticides compared to conventional crops, making them an eco-friendly choice.

Our zero waste philosophy drives us to minimize waste at every stage of the production process. We believe that every scrap of fabric has value. That's why we creatively repurpose leftovers into beautiful accessories and other products, turning potential waste into new opportunities.

Join us in our mission to promote environmentally conscious textiles that do not compromise on quality or style. Together, we can make a positive impact on our planet.
